

Important info:

- Vaccines will be distributed at the Baldwin Park Health Center 4070 Sterling Way
- Vaccines are only available to health care workers and those 65 or older
- Caregivers (i.e. those that care for a person with a disability or illness) may qualify for vaccination, but must have a letter from a doctor
- Those that received their 1st dose elsewhere can get their 2nd dose with us, but we ask that everyone try to follow up with the site that provided their 1st dose
- The 1st vaccine must have been Moderna and at least 28 days before 2nd dose
- For a 2nd dose on 2/23, 1st dose must have been on or before 1/26
- For a 2nd dose on 2/26, 1st dose must have been on or before 1/29
- Health care workers should bring their workplace IDs with them to the appointment
- Each recipient should expect to wait 15-30 minutes after receiving the vaccine
- Waitlist are specific for each day, so registrants can sign up for both
- Registrants should enter their insurance information, but insurance is not required to get the vaccine
- There will be no fee for the vaccine regardless of insurance coverage
- Our team will contact patients to schedule 2nd doses 28 days after the 1st shot
