Baldwin Park Welcomes Vet @ the Park on Feb. 8

LOS ANGELES, CA – The City of Baldwin Park, in partnership with the County of Los Angeles Department of Animal Care and Control (DACC), invites residents to attend Vet @ The Park. This free pet wellness clinic will take place on Sunday, Feb. 8, from 9 a.m. to 1 p.m. at Morgan Park (4100 Baldwin Park Blvd.).

At the event, local pet owners will receive free access to essential veterinary services for their dogs and cats while connecting with the community during a day at the park.

“This year’s Vet @ The Park reflects Baldwin Park’s ongoing commitment to supporting residents and the animals that are part of our families,” said Baldwin Park Mayor Daniel Damian. “Through our partnership with DACC, we’re proud to provide a welcoming space where pet owners can access trusted resources, connect with professionals and care for their furry friends.”

Supported by the Los Angeles County Animal Care Foundation and the Wallis Annenberg PetSpace, the pop-up veterinarian clinic will offer a wide range of free services to Baldwin Park pet owners, while supplies last. These complimentary resources include exams, vaccines and microchipping.

“Preventative care plays a vital role in keeping pets healthy and families together,” said DACC Director Marcia Mayeda. “By bringing trusted veterinary services into the community at no cost, we’re helping residents take proactive steps to support their pets’ long-term health and well-being.”

To ensure the safety of all attendees, dogs must remain on leash and cats must be kept in carriers at all times. Masks are strongly recommended and sick pets should not be brought to the event. For those planning to bring multiple pets to receive care, one adult is required for every two adult dogs or litter of puppies.

While the event is planned to go until 1 p.m., services will be provided on a first-come, first-served walk-in basis as time and supplies allow. The line for care will be cut off once 200 dogs or 50 cats are signed in to be seen by a licensed professional. In anticipation of potential long lines, participants may bring a chair and umbrella for comfort.

DACC is grateful to all its event partners, including the City of Baldwin Park, the Los Angeles County Animal Care Foundation and the Wallis Annenberg PetSpace, for their help in making this unique opportunity available to the community.

About the Los Angeles County Department of Animal Care and Control (DACC)

DACC is one of the largest animal care and control agencies in the nation, operating seven animal care centers and providing services to more than three million residents and their pets. DACC operates under the nationally recognized Socially Conscious Sheltering model to ensure the best possible outcomes for animals and the community. As a community resource center for pets and owners, DACC protects people and animals from harm, provides care for lost and unwanted animals, reunites lost pets with their families, and strives every day to move closer to its goal of finding a loving home for every adoptable pet that comes through its doors. To learn more about DACC, the resources DACC provides, and view its animals, visit www.animalcare.lacounty.gov or follow us on Facebook, Instagram, and Twitter. To support DACC's efforts, please donate to the Los Angeles County Animal Care Foundation at www.lacountyanimals.org.
